

Elaine Grossinger - Etess

Director of Hospitality

January 3, 2007

Dear Friend,

I am proud of my 16-year association with Forest Trace. Therefore, it is my pleasure personally to invite you to see South Florida's premier resort-style retirement community.

At Forest Trace, retirement is an opportunity to maximize your retirement years. This is the stage of your life to take advantage of leisure time and enjoy the benefits of good living. At Forest Trace, your lifestyle gets better day after day.

Entertainment is Forest Trace's hallmark. The Jennie Grossinger Theater, named after my mother, is the venue for the Grossinger Entertainment Series, an exclusive schedule of performances by famous and popular performers. It's free and exclusively for Forest Trace residents!

Each year, Forest Trace hosts renowned talent such as Joel Grey, Roberta Peters, Tony Martin, Jack Klugman, and Al Martino. You will be a VIP at every show.

Our full schedule of daily and evening events affords you the opportunity to choose your favorite pastime. Whether it's playing cards, taking an excursion, participating in cultural events, walking the magnificent grounds or simply enjoying the camaraderie of Forest Trace's active residents, you will enjoy each day to its fullest.

Everyone knows about Forest Trace's unparalleled dining, service, and hospitality. Our chef daily prepares culinary delights for your pleasure. You will choose from a wide selection of appetizers, soups, salads, entrees, and desserts. As my mother Jennie always said at *The G* -- "Hearty Appetite."

I invite you to take a closer look at Forest Trace. Come and take a tour. Give us a call at (954) 572-1800 and make an appointment. And be sure to tell them Elaine sent you.

Warmest regards,

Elaine Grossinger Etess
